

Harvey County

Kansas Prevention Collaborative Community Initiative (KPCCI) Kansas Communities That Care Student Survey Community Report

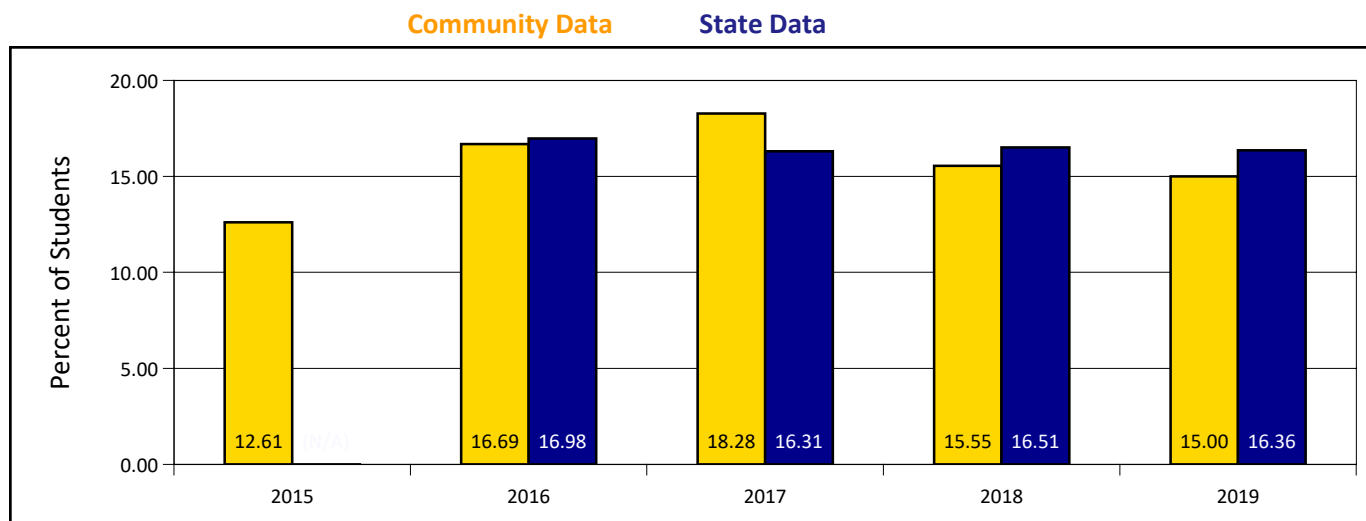

2019 Current participation rate: **66.61%**

30-Day Alcohol Use

The percentage of students in grades 6, 8, 10, and 12 reporting any use of alcohol within the past 30 days (Percent data)

State data for 2015 is not being reported due to low participation

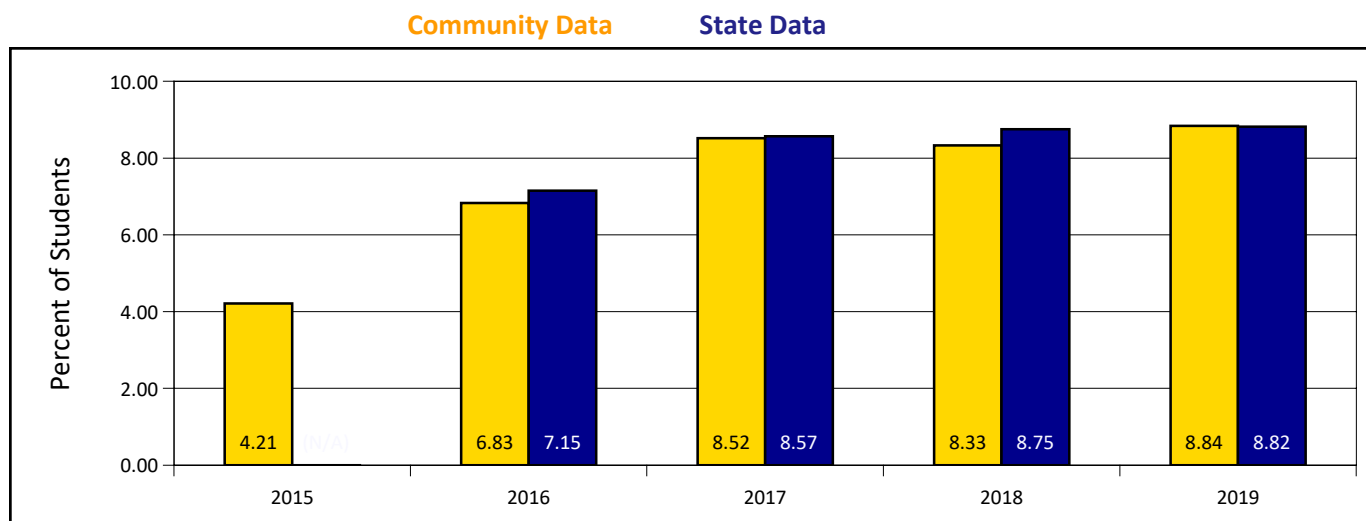

The community trendline is: **Increasing**

Two Week Binge Drinking

The percentage of students in grades 6, 8, 10, and 12 reporting having five or more drinks in a row on at least one occasion within past two weeks (Percent data)

State data for 2015 is not being reported due to low participation

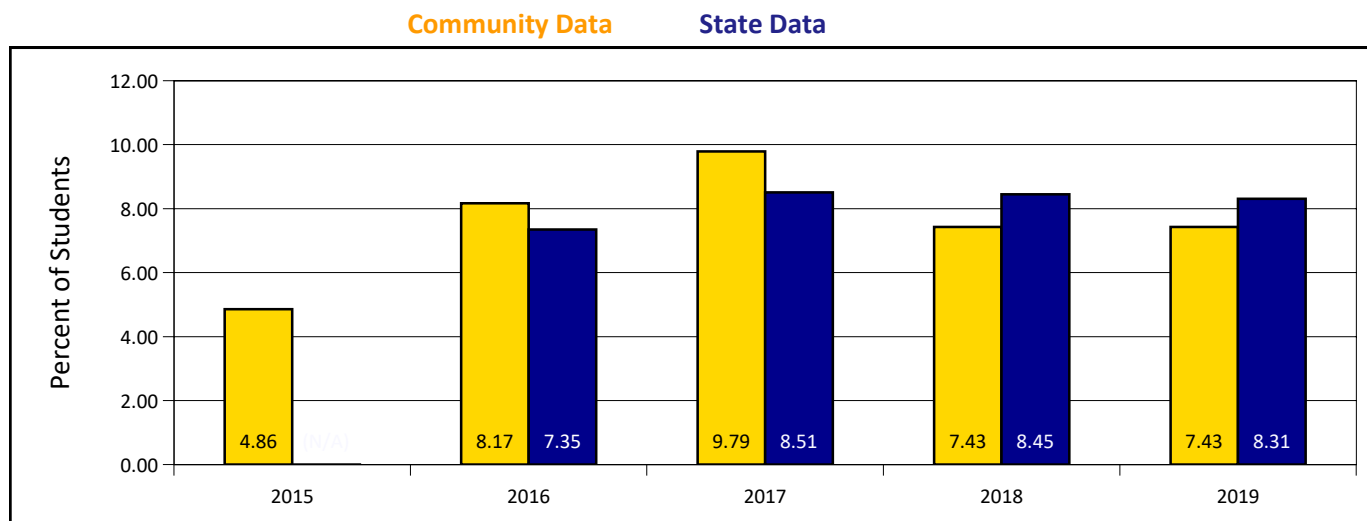

The community trendline is: **Increasing**

30-Day Binge Drinking

The percentage of students in grades 6, 8, 10, and 12 reporting having five or more drinks on the same occasion at least once within past 30 days. (Percent data - First asked in 2014)

State data for 2015 is not being reported due to low participation

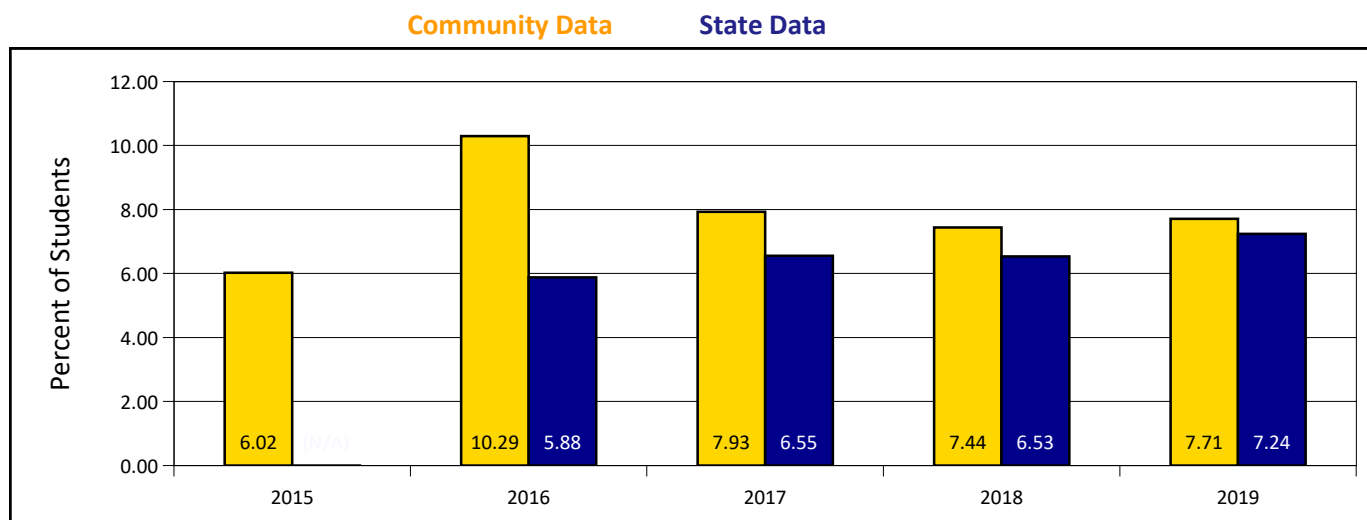

The community trendline is: **Increasing**

30-Day Marijuana Use

The percentage of students in grades 6, 8, 10, and 12 reporting any use of marijuana within the past 30 days (Percent data)

State data for 2015 is not being reported due to low participation

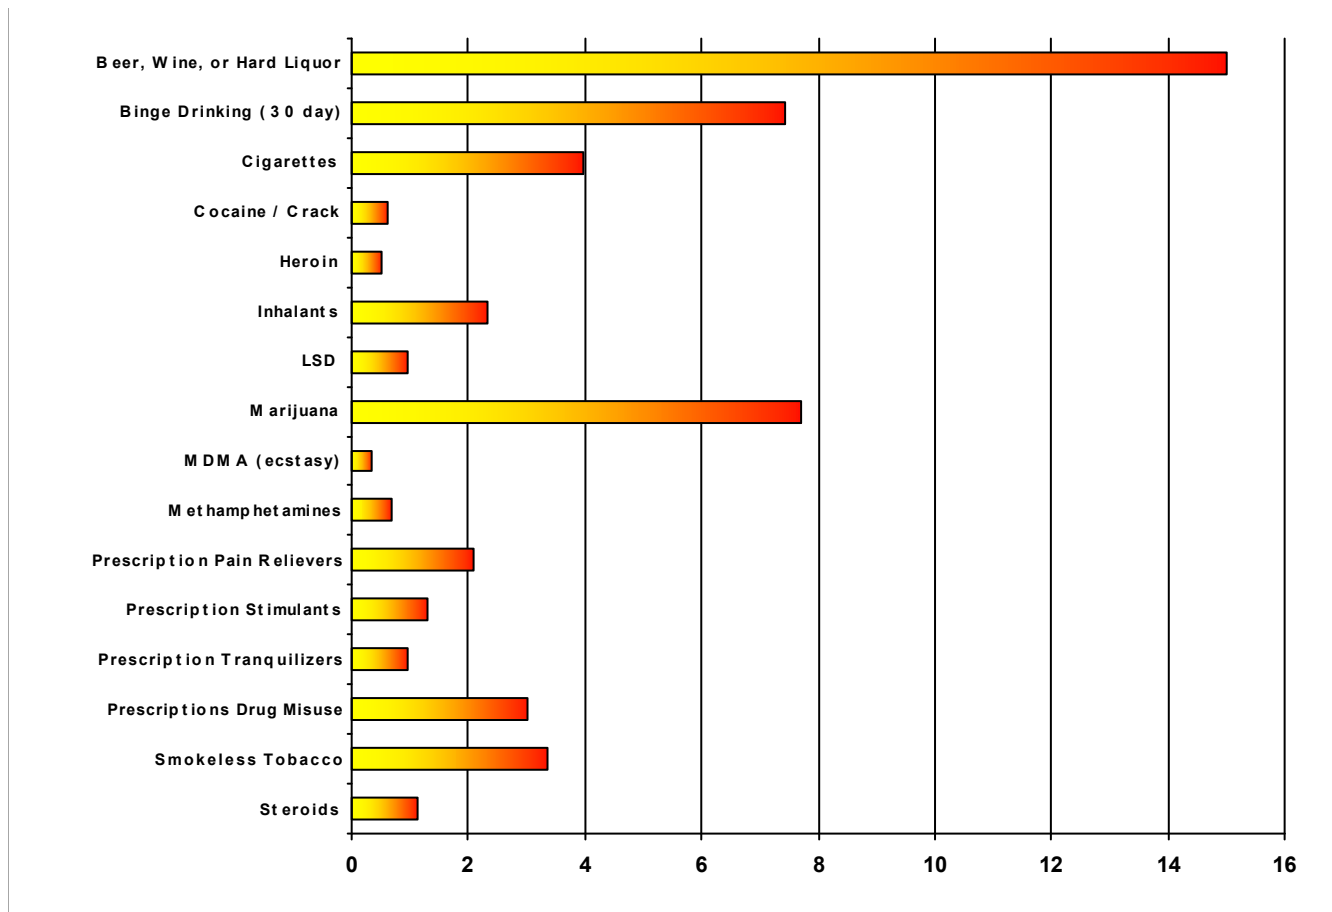

The community trendline is: **Level**

30-Day Use - All Substances

Substance Use Percent of 6th, 8th, 10th, 12th Graders who report any use in the past 30 days.	Community Current Year 2019	Kansas 2019	Compare to State	Change Direction 3-5 Year Trend
Beer, Wine, or Hard Liquor	15.00	16.36	-1.36	Increasing
Marijuana	7.71	7.24	0.47	Level
